Organization of the House of Representatives.

Notwithstanding the fears that Elbridge the clerk of the last house, would delay the organization of the present house, an organization was promptly effected yesterday. Elbridge placed on his list the bogus members from Louisiana, and excluded from the roll the Maryland, West Virginia, Oregon, Missouri and Kansas members, and manifested an evident disposition to create the trouble feared from him. He was promptly overruled, however, by a motion to place the Maryland members on the list; all the republicans and some of the democratic members supporting and voting for the motion. This motion was carried, and then the other excluded states taken up in detail and similarly voted on the list.

A ballot was then had for speaker, and Mr. Colfax received 101 out of 181 votes cast. Brutus Clay, Lucien Anderson, Clay Smith, and H. Randall, of Kentucky; Winter Davis, Webster and Cresswell, of Maryland; Blow, Boyd, McClure and Loan of Missouri; Smithers, of Delaware; and all the West Virginia members voted for Colfax. The democratic vote was scattered among a half dozen candidates, Mr. Cox of Ohio receiving 42, the largest number.

The members of the house were then sworn. The names of the members from Louisiana being called, Mr. Stevens objected to their being sworn. Considerable discussion ensued, when Mr. Stevens offered a resolution, that their credentials be referred to the committee on elections.

Mr. Allen, of Illinois, moved to lay the motion on the table. Lost—101 to 74.

The resolution of Mr. Stevens was then adopted—100 to 71.

Organization of the Senate.

The organization of the United States Senate yesterday was marked by an attempt, instigated by Davis, of Kentucky, to exclude the members from West Virginia, on the ground that the division of the state was a flagrant violation of the constitution, and that the old state of Virginia was still intact. This attempt was defeated by a vote of 36 to 6. Mr. Lane, of Indiana, gave notice of the introduction of bills to repeal the \$300 commutation feature of the enrollment act, and to increase the pay of non-commissioned officers and privates in the army fifty per cent.

The daily hour of meeting is fixed at 2 o'clock.

"Old Rock."—The examination of drafted men for the intensely patriotic county of Rock is completed, and she stands by the government "with a total of 25 men and a pile of filthy greenbacks!"—*Milwaukee News.*

We cannot yet tell how many men this county will furnish under the late draft, as the proceedings under it have not been fully completed. But we do know that "the intensely patriotic county of Rock" has done her share. Under previous enlistments she has provided men enough "to stand by the government" to have exempted her entirely from the last draft and carried over a handsome credit to the January call, if the proper allowance had been made and the draft enforced only on those counties which were deficient in their quotas.

"Old Rock," and Columbia, firm as the hills in their patriotism and republicanism, had to shoulder the deficiency of oscillating, though boasting Dane, and the sluggishness of democratic Jefferson. The general rule that in proportion to the prevalence and ascendancy of republicanism has been the number of volunteers furnished the army, finds no exception in Rock county.

Towards the "pile of filthy greenbacks" the democrats drafted last month have contributed quite as freely, in proportion to their numbers, as republicans. No one of them has been so poor that he has not somehow found a way to throw in his money instead of his personal services; thus not only manifesting his desire to evade the call of the government for men, but effectually silencing the clamor that the exemption clause is solely a rich man's privilege.

The "patriotic" allusion of the News to "filthy greenbacks" suggests, moreover, another comparison of "Old Rock," with many of her sister counties in the state. The county has levied and paid a tax of \$30,000 for bounties to encourage volunteering. Two years ago it levied a tax of \$10,000 to aid the families of volunteers; last year it levied an equal amount, and this year it has doubled it—making a total county tax of \$70,000 in aid of volunteers. A very large additional amount, to precisely what extent we cannot tell, has been levied by towns or contributed by individuals for the same purpose. To this is to be added the almost daily liberal private contributions, through aid societies, for hospital uses.

"Old Rock" has nothing to fear in a

comparison with any county in the state; and she will willingly show hands with Milwaukee, with twice her population and ten times her personal wealth, as to what each has done in furnishing men or providing money to sustain the war.

Ladies' Meeting.

The ladies meeting at the Hyatt House on Saturday was well attended. Each ward was fully represented.

Mrs. Warner was chosen president; Mrs. M. E. Sutherland, vice president; Mrs. Mosely, secretary, and Mrs. J. T. Wright, treasurer.

The following committees were appointed from each ward to visit every family, and solicit aid, and inquire who were needy:

1st Ward—Mrs. James Norton, Mrs. A. Graham, Misses Damm, Miss Jennie Norton.

2d Ward—Mrs. Boies, Mrs. M. J. Stevens, Mrs. T. Lappin, Miss Sarah Bennett, Miss Ames.

3d Ward—Mrs. James, Mrs. J. P. Dickson, Miss Burgess, Miss E. Trask, Mrs. B. B. Eldredge.

4th Ward—Mrs. W. Merrill, Mrs. E. L. Barrows, Mrs. J. R. Beale, Mrs. L. Jerome, Miss Kimball, Mrs. Tracy.

Mrs. James A. Webb was chosen superintendent of the industrial school; Miss Granger assistant.

Mrs. Lightbody, Miss Nellie Smith, Miss Patchen, Miss Kinney, Miss Anna Norton, Miss Bassett, were elected teachers. Donations of wood and clothing are earnestly solicited, and may be left at the Mr. Webb's jewelry store or at Mosely & Brother's.

"Cast in thy lot among us, and let us have one purse," out of which the worthy poor may be clothed.

A Call Upon the Ladies.

The ladies will give another of their pleasant hops at the Myers House, Thursday evening. All who like good music are invited to attend. Webb's band will give us their best.

A few ladies have worked faithfully preparing for a fair, the proceeds of which will be donated to soldiers' families. Any lady who would like to join us will find a warm and pleasant room at the Myers House, Saturday, from 10 a. m. until 5 p. m.

Ladies! while you are preparing preparing presents to gladden the hearts of our own little ones, do not forget the soldier's heart beats as warmly for his, and while he is fighting for us do not let his family suffer for the needful. Will you assist us?

By order Com.

CHRISTMAS FESTIVAL.—We hear that the Juvenile Missionary Society connected with the Sunday School of the M. E. church of this city are anticipating a very pleasant gathering on Christmas eve.

It is expected that the different classes will appear with banners, emblems, &c., appropriate to their missionary names; and the children hint that there will be a Christmas tree, from which they expect to receive presents.

We understand that in order to accommodate all who would like to be present, Lappin's Hall has been engaged for the occasion.

A notice containing all necessary information will doubtless be furnished by the committee in due season.

THIRTEENTH REGIMENT.

A letter from one of our correspondents, dated 2d inst., reports the regiment in excellent health, encamped in a pleasant grove near Nashville. The camp has been named "Bigney," as a compliment to Major Bigney, who has been for some time past on General Granger's staff. Lieutenant Brown of company B. was to leave in a few days for this state to recruit for the regiment.

STREET TAXES IN MILWAUKEE.

The total amount of special taxes on all the wards in Milwaukee for street commissioners' certificates, in the year 1863, is \$66,225.54. The special taxes levied on all the wards for cleaning streets, in the year 1863, is \$3,577.22. The certificates in the 4th ward value to \$24,813.72. In the 3d ward they are \$12,057.23. In the 1st ward \$706.31. In the 7th ward \$927.63. In the 5th ward \$184.04. For cleaning streets the 7th ward is highest, \$775.38, and the 2d ward is lowest, \$189.12.

NICE WOMEN!

Gen. D. H. Hill, of the rebel army, appended to a leave of absence this explanatory note: "Approved upon the ground that brave men of the army should be permitted to go home whenever practicable; otherwise all the children to be born during the war, and the usual period afterwards, will be the offspring of the cowards at home who have substitutes and are otherwise exempt."

The rebel general has a high opinion of the virtue of rebel women!

Snow at the West.

A gentleman from Erie, Pa., says the trains were detained in that vicinity last Monday by snow, and that it fell to the depth of eighteen inches. At Dunkirk there were about six inches; at Cleveland a trifle more. The storm commenced west of Ohio, though it was not severe. The neck of Pennsylvania that pushes up to Lake Erie appears to have been the place of the greatest deposit of snow.

OUR SHIPS OF WAR ON LAKE ERIE.

By the terms of our treaty with Great Britain, we have but one vessel of war on the lakes. We have the Michigan. The following from the Cleveland Leader, will be read with interest.

The United States revenue cutter, the steamer Michigan, has, within the last few days, received her new armament, consisting of thirteen additional guns, and is ready for any and all of the gun-boats from Montreal that are coming this way. She now carries four twelve-pound howitzers, four ten-pound Parrotts, a sixty-four pound gun, and her old stern gun, which has for many years been thoroughly overhauled and repaired, and is in excellent trim. Her new cannon look finely. She will winter at Sandusky.

Single blessedness, like a man's fist, becomes stronger by being doubled.

To-Day's Report.

(Reported Exclusively for the Daily Gazette.)

MORNING DISPATCHES.

EXECUTIVE MANSION, WASHINGTON, Dec. 7, 1863.

Reliable information having been received, that the insurgent force is retreating from East Tennessee, under circumstances rendering it probable that the Union forces cannot be dislodged from that important position; and esteeming this to be of high national consequence, I recommend that all loyal people do, on receipt of this information, assemble at their places of worship, and render especial homage to Almighty God for this great advancement of the national cause.

(Signed,) A. LINCOLN.

WASHINGTON, Dec. 7.

The most important and interesting portions of the President's message are those which deal with the subject of slavery and the restoration to the Union of the states that have been in rebellion. The President says, regarding the former topic, that he considers the emancipation proclamation as an accomplished fact. He holds that the proclamation liberated all the slaves within the territory which it embraced. All future action must be based upon that supposition. In a word, the President does not and will not adopt the policy which fails to give the slave a vested right in himself.

The plan which Mr. Lincoln proposes for the restoration of the loyal people of the traitor states to their former position in the Union is represented to be purely his own, and unlike any now before the public. Not confining himself to a general outline, he enters with some minuteness into details.

In another part of the message the president alludes to the victories gained during the year over the rebels, and dwells at some length upon the progress and present aspect of the war.

The bill creating the office of Lieutenant General, of which notice was given to-day by Mr. Washburn of Illinois, is intended to give General Grant the position to which his talents and his victories are generally thought to entitle him.

Special to the Tribune.—The siege of Knoxville is raised, and General Grant's army is in full retreat towards Virginia. It virtually terminated yesterday, when, at an early hour, the advance guard of our reinforcements under Gen. Sherman arrived.

The enemy during the past few days kept the army on edge with an intention to prolong the siege, or renew the assault, until early this morning when a reconnaissance sent out by General Foster, found their works empty. A few deserters were brought in, who report that the main body moved after dark last night, leaving a rear guard and pickets in their rifle pits to fall back at 2 a. m., and join the remainder, who, they were told, would form a line of battle a short distance east of Cincinnati.

This rumor was adopted to prevent their premature abandonment of their picket line. Gen. Shackelford, with his cavalry, is already in pursuit and closes upon their rear. Prisoners and deserters are continually arriving in squads of 10 to 20. The deliverance and occupation of East Tennessee is considered finally settled by the events of this campaign.

WASHINGTON, Dec. 7.

Special to Times—Secretary Chase's report will be transmitted by special messenger to the northern press to-morrow. He adopts all the recommendations of the commissioner of internal revenue in regard to whisky, tobacco and sugars, and urges a still further increase of the tax on those articles.

CINCINNATI, Dec. 8.

The Kentucky legislature organized yesterday. Hawkins was elected clerk of the senate, and J. B. Lyon of the house. The governor's message was read at noon.

Thirteen hundred rebel prisoners passed through Indianapolis en route to-day; 1,200 more are expected there to-day; 131 rebel officers, mostly of Breckinridge's corps, also passed through en route to Johnson's Island.

The Commercial's Chattanooga dispatch of the 7th says Hardee is slowly falling back from Dalton with Bragg's whipped men. The mountains of East Tennessee are filled full of deserters and stragglers.

Ordway, of New York, was elected sergeant at arms.

New York, Dec. 8.

WASHINGTON, Dec. 8.

The President will not send in his message till to-morrow at 12 o'clock, M.

MILWAUKEE, Dec. 8.

JOHN PHOENIX OCTONE.—A paragraph has been going the rounds of the press in which an account is given of a horse having a new hoof grown on by the use of a certain farrier's ointment. Now this reminds us of an incident that happened in Lyons, Wis. A Mormon priest named Nichols professed a power of doing wonderful things and compounding wonderful medicines. He made a nerve and bone oil, and a cure for rheumatism, and a healing salve, and thought he would experiment a little upon it. His first out-off his dog's tail and applied some of the salve to it. He then applied some to the piece of tail which he cut off, and a new dog grew out. He didn't know which dog was which. This may seem a tough story, but we have Nichols's word for it, and we don't think he would lie.

GEN. GILMORE'S CALCULUM LIGHTS.—The New York Tribune's Charleston correspondent says: "The rebel design of building a covered way and erecting a stockade upon the beach, frustrated by General Gilmore. The calcium light of Professor Grant is kept upon the ruins all night, and the rebel working parties are fired on when they appear. Two calcium lights planted in fort Putnam (formerly Gregg) make a local illumination four times as brilliant as the full moon on the clearest night."

Mrs. Kilpatrick, wife of the famous cavalry officer, died in New York on Monday morning. She had long been in delicate health, but her decease was so sudden that the general, who had been sent for by telegraph, was not able to reach home in time to see her alive.

A good story is told of Henry Ward Beecher's assisting a rebel musketeer. It seems at Halifax, where the Asia left part of her cargo on her last trip over, Mr. Beecher, being a passenger, lent a hand to hoist some heavy boxes on the wharf. Judge of his horror at finding he had been handling a case of muskets for the southern confederacy.

A Son of Mrs. Stowe.—Captain F. W. Stowe, a son of Mrs. Harriet Beecher Stowe, has gone to Washington to seek a position in the invalid corps, in consequence of wounds received at Gettysburg.

A young lady of extraordinary capacity addressed the following letter to her cousin: "We are all well, and mother's got the his Terris; brother Tom is got the Hapin Kaugh and sister Ann has got a babe, and I hope these few lines will find you the same. Rite sure. Your affectionate kuzzen."

Napoleon is going to smoke out the Mexican guerrillas. Mighty poor smoking. They are only "half Spanish."

Well behaved boys may be called young-ers; but rude and vulgar ones are nothing but young curs.

Why is a child three years old like a sugar bowl? Give it up? Because it's a teething (tea) thing.

A college student being examined in Locke, where he speaks of our relations to the Deity, was asked, "What relations do we most neglect?" "The one answered with much simplicity, "Poor relations, sir."

UNITED STATES FIVE-TWENTIES!!

The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from sale at Par, and until then it will continue to be sold at the rate of 100 for 95, and will continue to be sold at that rate until the 1st of January, 1864.

The amount of the Loan authorized by Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing, all point to the country, will, in a very short period, absorb the balance. The balance is now rapidly being absorbed, and as it is well known that the Secretary of the Treasury has ample and unfailing resources in the duties on Imports and Internal Revenue, and in the issue of the Interest bearing Legal Tender Treasury Notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent Loans, THE FIVE-TWENTIES AND PRINCIPAL OF WHICH ARE PAYABLE IN GOLD.

Prudence and self-interest must force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prompt conclusion that they should lose no time in subscribing to this most popular Loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par.

It is a SIX PER CENT Loan in Gold, thus yielding a rate of interest of SIX PER CENT per annum, and a present rate of premium on coin.

The Government requires all duties on imports to be paid in Gold; these duties have for a long time past amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the interest on the 5-20's and other permanent Loans. So that it is hoped that thousands of the United States to resume specie payments upon all.

The Loan is called \$20 from the fact that while the Bonds may run for 20 years, yet the Government has a right to pay them off in Gold at any time after 5 years.

The interest is paid half-yearly, viz: on the 1st day of November and May.

Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$100, \$500 and \$1000; or Registered Bonds of same denominations, and in addition \$5000 and \$10,000. For Banking purposes and for investments of Trust-money the Registered Bonds are preferable.

These 5-20's cannot be taxed by State, County, Town or City, and the Government tax on them is only one and a half per cent, on the amount of income of the holder exceeds Six Hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail, or otherwise promptly attended to.

The inconvience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great, but as interest commences from the day of subscription, so loss is occasioned, and every effort is being made to diminish the delay.

Printers Wanted.

We are in want of two good journeyman printers, to whom we can give full employment until the 1st of January.

O. J. Dearborn, and not N. Dearborn, is the person designated to receive and disburse the proceeds of the "Calico Hop."

FUNERAL SERVICES OF HENRY WINGATE.
The funeral services of Henry Wingate, a member of the 12th Wisconsin battery, were performed at the Congregational church on Sabbath morning. The church was densely filled, and listened in respectful attention to an eloquent and affecting sermon by the Rev. M. P. Kinney, pastor of the church. At the close of the sermon, the choir sang "The Volunteer's Grave," and thus concluded his last resting place a sincere and true Christian, a dutiful son, a loving brother and noble patriot, faithful in his duties to his country as he was exemplary in daily life at home.

DISMISSAL OF LT. COL. WHITE.—The order dismissing Lt. Col. White, of this city, was for "absence without proper authority." We learn from a member of his family that he had a furlough from Gen. Schofield, in the usual form, and returned to his regiment without overstaying the time granted to him. His dismissal probably arises from the dispute between Gen. Schofield and Gen. Blunt as to rank and command. Both these officers claim control of the regiment, and it is likely that Gen. Blunt denies the authority of Gen. Schofield to grant the furlough.

LECTURE.—Prof. Liberman will lecture at the Methodist Church to-morrow evening. Subject, "on what ground is Vallandigham wrong?"

Circuit Court.—This court commenced its session yesterday with a very light calendar.

Oyster Supper.

The "Soldiers Aid Society" of Milton, will give an oyster supper on Wednesday evening, December 16th, for the benefit of our sick and wounded soldiers. To render the entertainment more attractive the committee have secured the services of G. C. Ballows, esq., of Milwaukee, to address the meeting. All are respectfully invited to attend. Single tickets, 50 cts.

Mrs. L. WOODWORTH, Pres't.

Mrs. H. M. HAYES, Cor. Sec'y.

Donation List.

A donation party will be given for the benefit of the Rev. C. L. Thompson, at the hall and parlors of the Myers House, on Wednesday evening, December 9th, 1863. His friends are cordially invited to attend.

G. F. MORELY,
E. S. BARROWS,
WILLIAM MERRILL,
Committee of Arrangements.

Music will be furnished by the Blind Institute Band.

Refreshments will be prepared for those who desire them.

LIFE INSURANCE.—We have just had the pleasure of a call from E. Sprague, Esq., general traveling agent of the Mutual Life Insurance Co. of Wisconsin. Mr. Sprague informs us that over 50 of our citizens are insured in this company, and he is now canvassing the city and many of our best business men are insuring with him. We have long been convinced of the utility of life insurance, and years ago we took a policy in the Wisconsin company. We believe this company to be thoroughly sound and reliable, and that it has special claims upon the support of our citizens.

STILL ANOTHER NEW STORE.—Wm. H. Read has opened a new store in Myers Block, first door south of the Main street entrance, the nature of which and the kind of goods he has to dispose of, he states in an advertisement, to which we call attention.

THE GOOD WORK GOING ON.—The work of cleaning the side-walks in the city is steadily but slowly progressing. There is a visible, even if slight, improvement every day. The sun is doing the work of the shoveler. Not much credit, however, to the owners of the property. If we are to judge a man by "his walks," many of our leading church members even fall far below the scripture standard of exemplary citizens.

WINDHOWN.—James Ross, who has been local editor of the Madison Patriot for the last six years, has withdrawn from that paper. Mr. Ross is an ardent, whole-souled Irishman, and though a confirmed democrat, has probably found the Patriot altogether too "copperish" for a longer connection with it. "Nobody hurt," Mr. Ross maintains his self-respect, and the Patriot is relieved from the least suspicion of loyalty in any of its departments.

Twelve prisoners escaped from camp Douglas on Wednesday night, by tunneling their way out into the street. Eight of them have been captured.

Catarrh, Throat Diseases, Asthma, Bronchitis, Early Stages of Consumption, Liver Complaint, Diseases of Women, and all other Complaints that lead to Consumption.

Are treated in a new and eminently successful manner by Dr. Hale, who has a permanent office in the Myers House, Janesville.

Catarrh and Throat Diseases always end in Consumption, unless the necessary attention is paid to them. Those who are trying patent nostrums, or waiting for the disease to "wear off" should think, while it is yet time, of those who waited but in vain, and gone down to the grave fallen victims to Consumption. Many might have been saved had they checked the disease while it was a Catarrh or inflammation of the throat. All are invited to call and investigate Dr. Hale's mode of treatment, practiced by no other physician. Consultation free.

Persons unable to apply at the office may consult by letter, when question lists will be furnished them to give an accurate description of their case.

THE SINGER SEWING MACHINES.

Our LITTLE A FAMILY SEWING MACHINE is fast gaining a world-wide reputation. It is beyond doubt the best and cheapest and most beautiful of all Family Sewing Machines yet offered to the public. Our Family Sewing Machine has so many useful appliances for hemming, stitching, felling, tucking, gathering, gauging, braiding, embroidery, quilting, and so forth. No other Family Sewing Machine has so much capacity for a great variety of work. It will sew all kinds of cloth, and with all kinds of thread. Great and recent improvements make our Family Sewing Machine most reliable, and most durable, and most certain in action at all rates of speed. It makes the interlocked stitch which is the best stitch known. Any one, even of the most ordinary capacity, can see, at a glance, how to use the little A Family Sewing Machine. Our Family Sewing Machines are finished in elegant and exquisite style. The Folding Case of the Family Machine is a place of cunning workmanship of the most useful kind. It protects the machine when not in use, and when about to be operated, may be opened as a spacious and substantial table to sustain the work. While some of the Cases, made out of the choicest woods, are finished in the simplest and chastest manner possible, others are adorned and embellished in the most costly and superb manner.

It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity and beauty.

It is fast becoming as popular for family sewing as our Manufacturing machines are for manufacturing purposes.

The Branch Offices are well supplied with silk, twist, thread, needles, oil, &c., of the very best quality. Send for a Pamphlet.

HIGHEST PREMIUM
SEWING MACHINE.

MRS. S. M. COE, Agent,

FOR THE WHEELER & WILSON, has opened an office in this city, one door north of the American House, where the various styles of the celebrated Sewing Machine will be fully exhibited. Her long experience in the business, with the established character of the machine, give her confidence to believe that she can meet the wants of the public in this direction; and may she not reasonably expect a share of its patronage?

She is permanently located, and will devote her time exclusively to the work.

To counteract the various claims of sewing which this machine is capable of doing, is unnecessary—but from a tissue to a heavy cloth it walks with perfect ease.

It will use any kind of good thread or silk. It requires no oiling. It turns its own back and folds. It gets the work itself.

Its working will speak for itself, as will also its looking, quilting, braiding, &c.

THE MACHINES Are Furnished at Chicago Prices,

Full instruction given with each sale.
